Best Regards,

Prasad Kokil  
 Hon.Secretary CMIA

### Agenda

Aurangabad | 11th May, 2016

### " Workshop on Open Access in Maharashtra"

Dear Sir,

We are pleased to share with you that Maharashtra Open Access regulations 2016 has allowed consumers to buy power from the energy exchanges in Day ahead market. Indian Energy Exchange (IEX) is India's premier power exchange and has truly emerged as matured marketplace for day-ahead power purchase and sale.

- Total participation has crossed 3800+; Utilities from 29 states, 5 UTs, more than **3400 Open Access Consumers (industries)** and more than 348 generators.
- Term Ahead Markets, with its Intra day, Day-ahead contingency, Daily and Weekly contracts, gives flexibility to the players to manage their power portfolio from few hours on same day to two weeks.
- Renewable Energy Certificates (REC) is also set to create new opportunities for renewable and co-generation power plants.

It is worth mentioning here that Industries across the country are saving around 20% - 30% of the power purchase cost by procuring power through open access at Exchange market. Similar saving potential is available for the industrial consumer in Maharashtra also.

For a concerted effort to create true market for Indian power sector and exploring opportunities for all concerned in the state of Maharashtra, we are organizing a Workshop in Aurangabad. We are pleased to invites you for participating in our "Workshop on Open Access in Maharashtra ".

Details given below,

<b>Title</b>	"Workshop on Open Access in Maharashtra"
